

Capture the Impact of English Language Exchange Programs

Project Title	Capture the Impact of English Language Exchange Programs
Project Summary	Research and document the impact of our English language exchange programs. Design infographics, videos or stories to help us share our success.
Country	United States

Project Description

The Office of English Language Programs offers a wide-variety of exchange programs and partnering opportunities for American English language teaching (ELT) professionals. VSFS will work choose a program to investigate and they will have the opportunity to design surveys / interviews; collect data from exchange alumni and partner organizations; compile the quantitative or qualitative data; share the data in an effective way. The project will help us share the impact and importance of educational exchanges with the world.
